Thought for the Month: The next time election rolls around consider the difference that just one vote can make.

- In 1649, one vote caused Charles I of England to be executed.
- In 1776, one vote gave America the English language instead of German
- In 1845, one vote brought Texas into the union.

- In 1875, one vote changed France from a monarchy to a republic.
- In 1876, one vote gave Rutherford B. Hayes the United States presidency.
- In 1941, one vote saved the Selective Service System just twelve weeks before Pearl Harbor.
